## **ELITE DOUBLE;**

The Electronic Unit's boasts an ultra-modern aesthetic, seamlessly blending stylish curves with cutting-edge features to offer the epitome of a home sunbed experience. Housing the latest 0.3 Evolution Electronic Low Energy – High Power tubes, meticulously engineered to optimize UVA/UVB tanning performance, this sunbed promises a sun-kissed glow like no other.

Equipped with an integral 4-tube facial/leg tanning booster as a standard feature, it goes above and beyond to ensure comprehensive tanning coverage. For those seeking an extra touch of luxury, the option to add a body breeze with a side tanner is available as an additional upgrade.

The all-new lightweight aluminium base has been thoughtfully crafted to enhance the unit's durability, providing added robustness without sacrificing elegance. Thanks to its slender profile, the design not only exudes sophistication but also facilitates easy mobility. Our commitment to innovation is evident in the development of the Electronic range – a conscious effort to reduce energy consumption while preserving the sunbed's unparalleled tanning capabilities.

## **VX24**

Introducing the VX Range, a pinnacle in domestic Vertical Tanning Units meticulously designed to optimize full-body coverage and deliver exceptional tanning results. At the forefront of this collection is the 'Electronic' VX240 sunbed, revolutionizing home tanning with innovative features.

The VX240 boasts highly efficient electronic chokes and 0.3 Evolution Electronic tubes, meticulously engineered to enhance UVA/UVB tanning performance. This results in a more profound, enduring tan, embodying the essence of our commitment to a superior tanning experience while significantly reducing energy consumption.

Designed and manufactured in Great Britain, these Vertical Tanning Units adhere to the highest quality standards, meeting the latest British and European regulations.

### Key Features:

- Evolution Electronic' 0.3 compliant tubes for safe tanning
- Low Energy Electronic components for eco-conscious operation
- Ergonomic shape for close-proximity tanning, ensuring optimal results
- Single mains plug (8.6 amps) for convenient setup
- Appropriate safety timers to comply with current legislation
- Full-length customer-controlled body breeze for added comfort
- Total body coverage with full surround tanning for a comprehensive tan
- Hour counter fitted to monitor tube life, ensuring consistent performance

Each panel of the VX240 is equipped with high-capacity cooling fans, featuring a 9-louver vent system and a network of 16 ducts behind each tube. This advanced cooling mechanism guarantees a comfortable and regulated tanning environment, further enhancing the longevity and efficiency of the sunbed.

Elevate your tanning experience with the VX Range, where cutting-edge technology meets thoughtful design, providing a harmonious blend of performance, safety, and energy efficiency.

## THE CARIBBEAN

Introducing the Caribbean Sunbed 26T VTU – your ultimate gateway to achieving a flawless tan from the comfort of your home. This exceptional vertical sunbed, designed for domestic use, not only offers ample space but also adds a touch of vibrancy and style to your living space.

With 26 Evolution 0.3 safe tanning tubes, the Caribbean Sunbed guarantees a lively tanning experience while adhering to the strict EU safe tanning regulations. The incorporation of the latest electronic ballast technology allows the sunbed to function seamlessly with a standard 13 AMP plug, showcasing its modern design and efficiency.

For precise tanning control, the sunbed features twin 10-minute timers, ensuring you achieve the perfect tan every time. Enhancing user comfort, a full-length customer-operated body breeze is at your disposal. The 5-panel design ensures comprehensive body coverage, all while maintaining the benefits of close proximity tanning. At the heart of our Electronic Sunbed range lies our commitment to energy efficiency, ensuring a sustainable approach without compromising on tanning capability.

Experience the 26 Tube Caribbean Sunbed – your pathway to a flawless tan, right in the heart of your own home!
